NIORRARA VALLEY VINEYARDS

90256 State Spur 16F | Nenzel, NE
(402) 823-4131 | www.nvvsandhills.net

In 2002, we started the exploration of growing grapes in the sandhills in hopes of turning it into vinegars. After some tasting it was decided the wine was too good to turn into anything else! In 2010, George brought Niobrara Valley Vineyards to life. Our vineyard is definitely "An Island of Grapes in an Ocean of Grass". We are a small winery and our focus is on producing wines of the highest quality, not quantity. A visit to Niobrara Valley Vineyards LLC will provide you a chance to savor "A Taste of the Sandhills".

Established in 2007 our hilltop vineyard and winery location, provides a view that is second to none in Nebraska and one to remember as you travel the Midwest.

At 2 a.m., June 23, 2012 the night sky was illuminated by bellowing flames from back of the winery. The resilience of the owners refused to allow their dream to die, rebuilding 12,000 sf and re-opening in just 345 days. In 2016 the owners hired a Chef to offer patrons food that would complement both the wine and the 360° vista that surrounds this hill top experience.

Gerald Homp initiated the idea of starting a brewery in Seward, Nebraska in 2014. After asking around, he ended up talking with Jason Berry. Gerald with marketing and relationship building, Jason with advertising and business development backgrounds. Together they found brewmaster Ryan Koch, a structural engineer by trade who at the time had over a decade of brewing experience.

Johnnie Byrd Brewing Company is Nebraska's first benefit corporation brewery and the fifth overall benefit corporation in Nebraska. We proudly brew and serve our damn fine beer in Wayne, Nebraska. We don't have a huge sales gimmick, just one guiding principle: "We want to brew craft beer that you want to drink, not the beer we think you should drink."

JUNTO

WINE

1356 182nd | Seward, NE

(402) 646-0515 | juntowine.com

In Spring, 2010 a couple brothers had the crazy idea to plant grapes in Nebraska. They agreed that the best location to pursue their dream was on the land they grew up on, near the community they were raised. In 2011 they planted several acres of grapes and the first vintage of wine was bottled in 2014. When it came time to decide a name for the winery, the two brothers agreed it should reflect their philosophies, their community, and their respect for history. The two armchair-historians agreed that the club Ben Franklin started, the Junto (which roughly translates to "Join Together"), was reflective of their ambitions.

Our Owner and Founder, a US Army Veteran, was inspired the culture of rough-neck shiners sipping home-distilled brews all the way back in the old west days, and wanted to bring a taste of that kind of straight-out-of-the-sill tradition to the modern era. At Blended Distilling, we are honored and proud to enter into the moonshine tradition with our custom-made, flavor packed recipes, each made with passion, respect, and a little personal touch.
